Arkon Off-Road leads the truck wheel industry with Proper Directional and innovative designs, top manufacturing techniques, and a brand our customers are proud to be a part of. Check out the wheel company we are proud to call our own.

## About Our Brands

We're proud to introduce our Forged wheel lineup to you. With the best designs and lowest prices for the cleanest forged wheels you can find, ARKON FORGED is set to take over the game.

Kosic tires have been engineered for exceptional performance and great handling, but it also holds its own in wet conditions and all seasons, including light wintry weather.

The ultimate crossover between an all terrain and mud tread pattern, the Kelfire DMR RT delivers superior daily driving performance while maintaining an aggressive aesthetic for any light truck.

We started Anovia Wheels to breathe new life into the world of aftermarket wheels. Finding inspiration through the unified ideology of function and presence, Anovia Wheels is driven by the passion to create a new standard. Using our signature Deco-Directional designs and ArtFormed ultralight A356 Aluminum, our wheel collection offers what others simply don't.
